1.0 INFORMATION FOR BIDDERS

1.1 PURPOSE AND INTENT

This Request for Proposal (RFP) is issued by the Purchase Bureau, Division of Purchase and Property, Department of the Treasury (the "Division"), on behalf of the State of New Jersey.

This is a rebid of solicitation number 04-X-34242, which has been cancelled as a result of an ambiguous answer to a question posed and apparently confused some bidders and also to make certain changes in the specifications and price lines.

The purpose of this RFP is to solicit bid proposals from qualified bidders to provide document storage and retrieval services for the State of New Jersey. The bulk of these documents are contained in boxes.

The expected services are described in RFP Section 3.0 (Scope of Work).

The intent of this RFP is to award a **five (5) year** contract to **one (1) contractor** for various State agencies covering the entire State of New Jersey. The State intends to award one (1) contract to that responsible bidder whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered.

The Division of Archives and Records Management (DARM) with the N.J. Department of State will be the central point of contact and shall serve in the role of State Contract Manager.

1.2 BACKGROUND

The State estimates that the successful bidder must be able to provide enough space for a minimum of **420,000 boxes** at the initiation of the contract. The State estimates that its needs may exceed **500,000** boxes at the Contractor's facility or facilities at any one time, during the contract period. However, these figures are provided only to aid the bidder in determining the level of effort required under this RFP. The successful bidder must be prepared to accommodate the State's needs, at the rate bid, no matter how many boxes and documents are actually stored at the facility.

Northern Region

The State of New Jersey makes no guarantee of any minimum or maximum quantity for any price line to be awarded. Bidders are advised that the following annual volumes *for the Northern Region* are only estimates. These estimates are provided to assist the bidder in completing the price lines identified within this RFP:

Activity	Estimated Annual volume
Boxes in storage	240,000 items
Insert new item into inventory	22,000 items
Retrieval, Normal Hours (8:30 am to 4:30 pm)	24,000 requests
Retrieval, Emergency Hours (see3.7)	300 requests
Removal, may include destruction	10,000 items
Boxes purchased from the contractor	2,500 items
Additional Labor Charges	15 hours

Central and Southern Regions

The State of New Jersey makes no guarantee of any minimum or maximum quantity for any price line to be awarded. Bidders are advised that the following annual volumes *for the Central and Southern Regions* are only estimates, and that their estimates are provided to assist the bidder in completing the price lines identified within this RFP:

Activity	Estimated Annual volume
Boxes in storage	180,000 items
Insert new item into inventory	2,500 items
Retrieval, Normal Hours (8:30 am to 4:30 pm)	18,000 requests
Retrieval, Emergency Hours (see 3.7)	300 requests
Removal, may include destruction	2,000 items
Boxes purchased from the contractor	4,500 items
Additional Labor Charges	15 hours

The Contractor is responsible for establishing a procedure for retrieval during emergency hours, which shall include a signature from an authorized person in the State using agency, who is authorized through DARM, proof of receipt of request for services, and proof that the service was provided. The use of telefacsimile (fax) or an authenticated electronic transaction service approved by the State Contract Manager is recommended.

3.8 ON-SITE REVIEW OF STORED MATERIALS DURING NORMAL BUSINESS HOURS (8:30 A.M. TO 4:30 P.M. MONDAY THROUGH FRIDAY)

The Contractor shall provide for on-site review of State materials stored at the Contractor's facility during normal business hours within **two (2) hours** of receipt of such request. The Contractor shall retrieve the material to be reviewed. All viewing rooms must include or have within close proximity a telephone, photocopier and telefacsimile (fax) services.

Per RFP Price Lines No. 00004 and 00016, the Contractor shall provide to the State Using Agency a maximum of ten (10) photocopies and/or telefacsimile (fax) transmissions per visit without charge. The Contractor shall set a reasonable fee for photocopies and telefacsimile transmissions beyond that amount for each visit during the period of the contract.

The Contractor shall not charge any additional fees other than the standard record retrieval fees, for on-site review of records.

3.9 ON-SITE REVIEW OF STORED MATERIALS DURING EMERGENCY HOURS (AFTER NORMAL BUSINESS HOURS)

The Contractor shall provide for on-site review of State materials stored at the Contractor's facility during emergency hours, within **four (4) hours** of receipt of such request. The Contractor shall retrieve the material to be reviewed. All viewing rooms must include or have within close proximity a telephone, photocopier and telefacsimile (fax) services.

The Contractor shall establish a standard fee for emergency on-site review of stored materials.

Per RFP Price Lines No. 00005, and 00017 the Contractor shall provide the State agency a maximum of ten (10) photocopies and/or telefacsimile (fax) transmissions per emergency visit without additional charge. The Contractor shall establish a fee for photocopies and telefacsimile transmissions beyond that amount for each emergency visit during the period of the contract.

3.10 DESTRUCTION OF RECORDS IN STORAGE

Pursuant to N.J.S.A. 47:3-17, **no records** shall be shredded or otherwise disposed of by the Contractor unless they have exceeded the retention period established by the New Jersey State Records Committee and written consent for their disposal has been requested and received by the originating State agency from (DARM), pursuant to procedures set forth in the State Records Manual (Trenton: Department of State, Division of Archives and Records Management, Sept. 1994). Any State Using Agency request for the disposal of records must be accompanied by a copy of a completed and executed "Request for Authorization for Records Disposal," Form No. CR-AA-0005 (7/97) approved by DARM.

The Contractor must provide an option to shred the contents of the box or an indexed file folder within a storage box. This optional service to the State Using agency is to be provided on an as-needed basis. A State Agency may request that Contractor use the services of the contractor holding the State Contract (T-0387, Records Removal and Destruction Service - Records Center and Various Agencies) or other similar State contracts for shredding or disposing of State records.

The Contractor must establish a procedure for disposal which shall include a signature from an authorized person in the State agency, proof of receipt of request for service, and proof that the service was provided. The use of telefacsimile (fax) or an authenticated electronic transaction service approved by the State is recommended.

3.11 REMOVAL OF RECORDS FROM STORAGE

The Contractor shall provide for removal of any indexed item, box or folder for removal to the State Archives or another State-owned facility at the discretion of the State Contract Manager. Removal from storage must be confirmed by written authorization from the State Contract Manager. Items removed from storage at the request of a State Agency must be delivered to the State within three (3) business days of receipt of the request for removal. Items removed from storage must not appear on the State Agency's subsequent monthly invoices for storage.

If the State agency requests removal of a folder from storage, all the remaining contents of the storage box must remain at the storage facility.

The Contractor must establish a procedure for removal which shall include a signature from an authorized person in the State agency, who is authorized through DARM, proof of receipt of request for service, and proof that the service was provided. The use of telefacsimile (fax) or an authenticated electronic transaction service approved by the State is recommended.

The State prefers that the Contractor establish low standard fees for the removal or disposal of records from a storage facility, including any standard retrieval, palleting and/or destruction fees. These low fees will remove any disincentive for agencies to remove from storage those records that have passed their retention schedules established by the State Records Committee, thereby avoiding high removal and/or disposal fees (commonly called "hostage fees"). (Price line 8 and 20).

3.12 REMOVAL OF LARGE QUANTITIES FROM STORAGE

The Contractor shall provide bulk removal services for larger volumes of State material. Bulk removal services are in addition to the general unit removal activity described in this section, **including removal to a State-owned facility at the discretion of the State Contract Manager or to a new contractor's facility at the end of the contract.** Bulk removal services include, but are not limited to, providing the pallet; stacking the boxes on the pallet, shrink wrapping, and preparing the shipping manifests. Standard records center boxes shall be stacked up to no more than forty (40) boxes per pallet. Transfile boxes shall be stacked up to but not more than twenty-five (25) boxes per pallet.

All boxes prepared for bulk shipment must retain exterior identification that must identify the State agency. Different size boxes may be mixed on a single pallet if the size and weight of the pallet does not exceed the nominal bulk and weight of forty (40) records center boxes (See Section 3.14) or if the State agency requests a mixed pallet.

The Contractor must shrink-wrap the surrounding the boxes on the pallet. The plastic wrap must provide protection from inclement weather.

The Contractor shall establish a standard fee or set of fees for services associated with removal of large quantities of records from storage and must offer a credit for the return of or exchange for a like-sized serviceable pallet.

3.13 INITIAL REMOVAL COSTS AND ESTIMATED QUANTITIES

The State is anticipating that all of the records will be transferred from the current contractor to the new contractor within sixty (60) calendar days. All bidders are to respond to this requirement as stated in this RFP under section 4.4.2.4 Mobilization and Implementation Plan. Bidders will present the total cost for this task in accordance with the fully loaded hourly rates by labor category as required for **price lines 00009 and 00021**

Boxes shall be removed from the current Contractor in batches, by each Using Agency. Within each batch, 15 or more records center boxes shall be palletized and shrink-wrapped, with not more than forty (40) boxes on a pallet. Within each batch, 10 or more transfile boxes shall be palletized and shrink-wrapped, with not more than twenty-five

(25) boxes on a pallet. All records contained in transfiles will be repacked in records center boxes (See Section 3.14) and reindexed after they are transferred to the Contractor's storage facility.

All boxes prepared for bulk shipment must retain exterior identification and must include an identification number and the name of the custodial State agency. The incumbent contractor shall provide the State agency and DARM, in electronic and hard copy form, a complete listing of all records in each batch. The lists shall contain all available indexing information on the contents of each box, including all vendor and State agency identification numbers, to ensure continued access to the public records as required by N.J.S.A. 47:1A-1 et seq. Different size boxes may be stacked on a single pallet, if requested by the State agency, if the size and weight of the pallet does not exceed the nominal bulk and weight of forty (40) records center boxes.

3.14 STORAGE BOXES

The Contractor shall make a standard "records center" storage box available for sale to client State Using Agencies. A "record center" box size must accommodate either a letter size 8 1/2" X 11" documents or legal-size 8 1/2" X 14" documents in folders. The minimum inside dimensions for the records center box must be at least 15" X 12"X 10". The cost of storage boxes must include lids and all necessary forms for each box, and printed instructions for preparing the box and contents for storage. The printed instructions must be consistent with the terms and conditions of this contract.

One standard "records center" box shall be considered to be equal to one cubic foot for the purposes of all fees and payments established under this contract and for statistics and reports the Contractor is required to supply the State agencies and DARM.

Records contained in transfiles or other non-standard containers must be repacked in records center boxes by the Contractor and re-indexed accordingly, unless appropriate alternative housing is approved by the State Contract Manager. The Using Agency will pay for the boxes as per price lines 00007 and 00019.

3.15 MONTHLY AND OUARTERLY INVENTORY REPORTS

The Contractor shall provide DARM and the Using Agency with detailed reports of all items stored at their facility. These reports may be submitted electronically or by mail. Using agencies that do not have the ability to download these reports, the contractor must mail them.

Monthly activity reports must accompany invoices to the Using Agency, and show line item detail for each incoming and outgoing activity and supporting detail for the monthly charge (s) for each Using Agency account. For all indexed boxes that contain indexed folders, the inventory report must show the incoming and outgoing activity for the indexed folders in the box at the end of the reporting period.

Monthly invoices for each Using Agency must be submitted to DARM and each Using Agency, along with monthly activity reports. Invoices submitted without the required supporting documentation will be returned as incomplete. Quarterly reports shall be submitted at three (3) month intervals to cover the periods that end on September 30, December 31, March 31 and June 30. The quarterly reports must be sorted and show detail by each Using Agency. The quarterly reports must show the total monthly charges for each month, the total or aggregate volume of storage in place for each Using Agency at the end of the quarter. The quarterly report must provide the total number of boxes or files requested by each Using Agency, the total number delivered to each Using Agency, the total number returned by each Using Agency, the total number of boxes or files each Using Agency removed from storage and destroyed or transferred, and the review activity by each Using Agency expressed in the number of requests and actual reviews during the reporting period.

Quarterly reports are to be delivered by the Contractor to DARM by the 15th day of the month following the date of coverage.

At the end of each State fiscal year, the Contractor shall submit an annual report to the client Using Agency and the State Contract Manager that shall include a complete list of all records of the Using Agency in its storage facility or facilities with related retention schedules and disposition dates, their specific location, a summary of each type of activity, and fees charged and payments made during the past fiscal year.

4.0 PROPOSAL PREPARATION AND SUBMISSION

4.1 GENERAL

The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to thoroughly read and follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

4.2 PROPOSAL DELIVERY AND IDENTIFICATION

In order to be considered, a bid proposal must arrive at the Purchase Bureau in accordance with the instructions on the RFP cover sheet. Each bidder should submit **six** (6) **full, complete and exact copies** of the original. The copies requested are necessary in the evaluation of the bid proposal. Bidders failing to provide the requested number of copies will be charged the cost incurred by the State in producing the requested number of copies. It is suggested that the bidder make and retain a copy of its bid proposal.

4.4 PROPOSAL CONTENT

This narrative should convince the State that the bidder's general approach and plans to undertake and complete the contract are appropriate to the tasks and subtasks involved.

Mere reiterations of RFP tasks and subtasks are strongly discouraged, as they do not provide insight into the bidder's ability to complete the contract. The bidder's response to this section should be designed to convince the State that the bidder's detailed plans and approach proposed to complete the Scope of Work are realistic, attainable and appropriate and that the bidder's bid proposal will lead to successful contract completion.

Such schedule should also identify the associated deliverable item(s) to be submitted as evidence of completion of each task and/or subtask.

The bidder should identify the contract scheduling and control methodology to be used and should provide the rationale for choosing such methodology. The use of Gantt, Pert or other charts is at the option of the bidder.

Such mobilization and implementation plan should include the following elements:

(b) The bidder's plan for the deployment and use of management, supervisory or other key personnel during the mobilization and implementation period. The plan should show all management, supervisory and key personnel that will be assigned to manage, supervise and monitor the bidder's mobilization and implementation of the contract within the period of sixty (60) days.

NOTE: The bidder should clearly identify management, supervisory or other key staff that will be assigned only during the mobilization and implementation period.

4.4.3.2 ORGANIZATION CHART (CONTRACT SPECIFIC)

The bidder should include a contract organization chart, with names showing management, supervisory and other key personnel (including sub-vendor's management, supervisory or other key personnel) to be assigned to the contract. The chart should include the labor category and title of each such individual.

4.4.3.3 RESUMES

Detailed resumes should be submitted for all management, supervisory and key personnel to be assigned to the contract. Resumes should be structured to emphasize relevant qualifications and experience of these individuals in successfully completing contracts of a similar size and scope to those required by this RFP. Resumes should include the following:

- Clearly identify the individual's previous experience in completing similar contracts.
- Beginning and ending dates should be given for each similar contract.
- A description of the contract should be given and should demonstrate how the individual's work on the completed contract relates to the individual's ability to contribute to successfully providing the services required by this RFP.
- With respect to each similar contract, the bidder should include the name and address of each reference together with a person to contact for a reference check and a telephone number.

The bidder should include a list of backup staff that may be called upon to assist or replace primary individuals assigned. Backup staff must be clearly identified as backup staff.

In the event the bidder must hire management, supervisory and/or key personnel if awarded the contract, the bidder should include, as part of its recruitment plan, a plan to secure backup staff in the event personnel initially recruited need assistance or need to be replaced during the contract term.

The bidder should provide a comprehensive listing of contracts of similar size and scope that it has successfully completed, as evidence of the bidder's ability to successfully complete the services required by this RFP. Emphasis should be placed on contracts that are similar in size and scope to the work required by this RFP. A description of all such contracts should be included and should show how such contracts relate to the ability of the firm to complete the services required by this RFP. For each such contract, the bidder should provide two names and telephone numbers of individuals for the other contract party. Beginning and ending dates should also be given for each contract.

4.4.3.7 FINANCIAL CAPABILITY OF THE BIDDER

The bidder shall, **if required,** provide proof of its financial capacity and capabilities to undertake and successfully complete the contract. To satisfy this requirement, the bidder shall submit a certified financial statement, including applicable notes, reflecting the bidder's assets, liabilities, net worth, revenues, expenses, profit or loss, and cash flow for the most recent calendar year or the bidder's most recent fiscal year; or, if a certified financial statement is not available, then either a reviewed or compiled statement from an independent accountant setting forth the same information required for the certified financial statement. 4.4.4 <u>SECTION 4 - COST PROPOSAL</u>

The price schedule is attached to this RFP as Attachment 6.

Failure to submit all requested pricing information in the Price sheets following Section 7.0 shall result in the bidder's proposal being considered materially non-responsive. Each bidder must hold its price(s) firm through issuance of contract to permit the completion of the evaluation of bid proposals received and the contract award process.

Bidder must note that price lines one (1) through twelve (12) are for years one, two and three and price lines thirteen (13) through twenty four (24) are for years four and five. 5.5 CONTRACT TERM AND EXTENSION OPTION

The term of the contract shall be for a period of **five (5)** years. The anticipated "Contract Effective Date" is provided on the cover sheet of this RFP (page 3 of this RFP). If delays in the bid process result in an adjustment of the anticipated Contract Effective Date, the bidder agrees to accept a contract for the full term of the contract.

The contract may be extended for all or part of **two (2) one-year periods**, by mutual written consent of the contractor and the Director at the same terms, conditions and pricing. The length of each extension shall be determined when the extension request is processed.

The contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its deliverables and other services. The approval of deliverables furnished under this contract shall not in any way relieve the contractor of responsibility for the technical adequacy of its work. The review, approval, acceptance or payment for any of the services shall not be construed as a waiver of any rights that the State may have arising out of the contractor's performance of this contract.

5.10 SUBSTITUTION OF STAFF

If it becomes necessary for the contractor to substitute any management, supervisory or key personnel, the contractor will identify the substitute personnel and the work to be performed.

The contractor must provide detailed justification documenting the necessity for the substitution. Resumes must be submitted evidencing that the individual(s) proposed as substitution(s) have qualifications and experience equal to or better than the individual(s) originally proposed or currently assigned.

The contractor shall forward a request to substitute staff to the State Contract Manager for consideration and approval. No substitute personnel are authorized to begin work until the contractor has received written approval to proceed from the State Contract Manager.

In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution.

5.15.3 REMEDIES FOR NON-PERFORMANCE

In the event the contractor fails to comply with any material contract requirement, the Director may take steps to terminate the contract in accordance with the State Administrative Code. In this event, the Director may authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the State by the defaulting contractor.

5.16 RETAINAGE

The amount of retainage is noted on the RFP cover sheet (<u>Page 3 of this RFP</u>). The using agency shall retain the stated percentage of each invoice submitted. At the end of each three (3) month period, the using agency shall review the contractor's performance. If performance has been satisfactory, the Using Agency shall release 90% of the retainage for the preceding three (3) month period. Following certification by the State Contract Manager that all services have been satisfactorily performed the balance of the retainage shall be released to the contractor.

5.17 STATE'S OPTION TO REDUCE SCOPE OF WORK

The State has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Director shall provide advance written notice to the contractor.

Upon receipt of such written notice, the contractor will submit, within five (5) working days to the Director and the State Contract Manager, an itemization of the work effort already completed by task or subtask. The contractor shall be compensated for such work effort according to the applicable portions of its cost proposal.

5.18 SUSPENSION OF WORK

The State Contract Manager may, for valid reason, issue a stop order directing the contractor to suspend work under the contract for a specific time. The contractor shall be paid until the effective date of the stop order. The contractor shall resume work upon the date specified in the stop order, or upon such other date as the State Contract Manager may thereafter direct in writing. The period of suspension shall be deemed added to the contractor's approved schedule of performance. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

5.19 CHANGE IN LAW

Whenever an unforeseen change in applicable law or regulation affects the services that are the subject of this contract, the contractor shall advise the State Contract Manager and the Director in writing and include in such written transmittal any estimated increase or decrease in the cost of its performance of the services as a result of such change in law or regulation. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

5.20 ADDITIONAL WORK AND/OR SPECIAL PROJECTS

The contractor shall not begin performing any additional work or special projects without first obtaining written approval from both the **DARM** and the **Director**.

In the event of additional work and/or special projects, the contractor must present a written proposal to perform the additional work to **DARM**. The proposal should provide justification for the necessity of the additional work. The relationship between the additional work and the base contract work must be clearly established by the contractor in its proposal.

The contractor's written proposal must provide a detailed description of the work to be performed broken down by task and subtask. The proposal should also contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written cost proposal must be based upon the hourly rates, unit costs or other cost elements submitted by the contractor in the contractor's original bid proposal submitted in response to this RFP. Whenever possible, the cost proposal should be a firm, fixed cost to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the contractor in its original bid proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt and approval of the contractor's written proposal, **DARM** shall forward same to the Director for the Director's written approval. Complete documentation from the Using Agency, confirming the need for the additional work, must be submitted. Documentation forwarded by **DARM** to the Director must all include all other required State approvals, such as those that may be required from the State of New Jersey's Office of Management and Budget (OMB) and Office of Information and Technology (OIT).

No additional work and/or special project may commence without the Director's written approval. In the event the contractor proceeds with additional work and/or special projects without the Director's written approval, it shall be at the contractor's sole risk. The State shall be under no obligation to pay for work performed without the Director's written approval.

5.21 FORM OF COMPENSATION AND PAYMENT

This Section supplements Section 4.5 of the RFP'S Standard Terms and Conditions. The contractor must submit official State invoice forms to the Using Agency with supporting documentation evidencing that work for which payment is sought has been satisfactorily completed. Invoices must reference the tasks or subtasks detailed in the Scope of Work section of the RFP and must be in strict accordance with the firm, fixed prices submitted for each task or subtask on the RFP pricing sheets. When applicable, invoices should reference the appropriate RFP price sheet line number from the contractor's bid proposal. All invoices must be approved by the State Contract Manager before payment will be authorized.

Invoices must also be submitted for any special projects, additional work or other items properly authorized and satisfactorily completed under the contract. Invoices shall be submitted according to the payment schedule agreed upon when the work was authorized and approved. Payment can only be made for work when it has received all required written approvals and has been satisfactorily completed.

5.21.1 PAYMENT TO CONTRACTOR - OPTIONAL METHOD

The State of New Jersey now offers State contractors the opportunity to be paid through the Mastercard procurement card (p-card). A contractor's acceptance and a State agency's use of the p-card, however, is optional.

P-card transactions do not require the submission of either a contractor invoice or a State payment voucher. Purchasing transactions using the p-card will usually result in payment to a contractor in three days.

A contractor should take note that there will be a transaction-processing fee for each p-card transaction. To participate, a contractor must be capable of accepting the Mastercard. Additional information can be obtained from banks or merchant service companies.

5.22 REQUIREMENTS OF EXECUTIVE ORDER 134

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 was signed on September 22, 2004 ("EO 134"). Pursuant to the requirements of EO 134, the terms and conditions set forth in this section are material terms of any contract resulting from this RFP:

5.22.1 DEFINITIONS

For the purpose of this section, the following shall be defined as follows:

- a) Contribution means a contribution reportable as a recipient under "The New Jersey Campaign Contributions and Expenditures Reporting Act." P.L. 1973, c. 83 (C.19:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Currently, contributions in excess of \$400 during a reporting period are deemed "reportable" under these laws. As of January 1, 2005, that threshold will be reduced to contributions in excess of \$300.
- b) Business Entity means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. 5.22.2 BREACH OF TERMS OF EXECUTIVE ORDER 134 DEEMED BREACH OF CONTRACT

5.22.3 CERTIFICATION AND DISCLOSURE REQUIREMENTS

- a) The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods. Accordingly, the Business Entity shall submit with its bid proposal Executive Order 134 Certification(s) in the form set forth in Appendix 3 attached hereto, certifying that no contributions prohibited by Executive Order 134 have been made by the Business Entity. A separate Certification is required for each person or organization defined above as a Business Entity. Failure to submit the Certification(s) with the Bid Proposal shall be cause for automatic rejection of the bid proposal.
- b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall report all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C.527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the mean of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7, in the form of the Disclosure attached hereto as Appendix 4. A separate Disclosure is required for each person or organization defined above as a Business Entity. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Disclosure(s) within five (5) business days of the State's request.

A copy of the Continuing Disclosure of Political Contributions is attached hereto as Appendix 5. A separate disclosure is required for each person or organization defined above as a business entity.

5.22.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

6.1 PROPOSAL EVALUATION COMMITTEE

Bid proposals may be evaluated by an Evaluation Committee composed of members of affected departments and agencies together with representative(s) from the Purchase Bureau. After the submission of bid proposals, unless requested by the State, contact with the State is limited to status inquiries only and such inquiries are only to be directed to the buyer. Any further contact or information about the proposal to the buyer or any other State official connected with the solicitation will be considered an impermissible supplementation of the bidder's bid proposal.

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid proposal.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid proposal. Original bid proposals submitted, however, cannot be supplemented, changed, or corrected in any way. No comments regarding other bid proposals are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid proposal. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid proposal. The Purchase Bureau buyer will be the sole point of contact regarding any request for an oral presentation or clarification.
